**World Trade Organization  
Bali, 3–6 December 2013**

**LOGISTICS INFORMATION**

**June 2013**

## WELCOME MESSAGE

It is with great pleasure and honour that I welcome you to Bali, Indonesia, for the World Trade Organization's Ninth Ministerial Conference.

The Bali Ministerial Conference comes at a critical time for the WTO. World trade and economic growth are still suffering the effects of the global financial collapse and European sovereign debt crisis. Business confidence in the WTO as an institution is under threat and there is evidence of rising protectionism despite our collective need for lower barriers to trade and investment globally.

Despite the gloomy outlook, we have a real opportunity in Bali to confirm the WTO's reputation as the pre-eminent forum for multilateral trade reform. As the world's 15<sup>th</sup> largest economy, growing at a rate of over six per cent annually, Indonesia is well aware of the WTO's importance in governing multilateral trade. Business confidence in the WTO is critical if the WTO is to play a role in generating sustainable and equitable economic growth. The WTO has, and should continue to have, an important role to play in forging new forms of agreements, framing new rules and overseeing new levels of technical assistance for developing countries to open up trade. And it must continue to function as an effective arbiter of trade disputes.

Success in Bali will send a message to the world – to businesses, to the public and to our political leaders – that the WTO and the Doha Development Agenda remain central to global prosperity, helping reduce the gap between developed and developing economies. I look forward to us working together to deliver a balanced package of outcomes in Bali that will benefit all WTO Members.

I hope you will also have an opportunity to enjoy our Indonesian hospitality during your time in Bali. This booklet provides information on the logistical arrangements and facilities that will be made available for delegates before and during the Conference. We look forward to your visit and will make all efforts to ensure that your stay in Bali is comfortable and enjoyable.

I am confident that with your support and hard work, the Bali Conference will be a great success.

Selamat datang!

**Gita Irawan Wirjawan**  
**Minister of Trade of the Republic of Indonesia**

# **PLANNING YOUR TRIP TO BALI**

# DELEGATION COORDINATORS

## A. Nomination of the Delegation Coordinator

1. As has been the practice during previous Ministerial Conferences, and with a view to facilitate communication between delegations and the WTO Secretariat/Host Government, Delegation Coordinators (DCs) will be responsible for all administrative matters relating to MC9. All enquiries from delegations relating to MC9 should be channelled through the Delegation Coordinator.
2. Delegations are requested to take note of the following:
  - a) Member and Observer Delegations who wish to replace their Delegation Coordinators will be invited to do so in a dedicated note that will be issued at the end of June.
  - b) Delegation Coordinators should normally be registered to attend the MC9 since they will be the only ones entitled to collect badges at the Accreditation Centre. Should this person change for Bali, delegations will have to officially nominate a new Delegation Coordinator.
  - c) Given the relative shortage of people proficient in French and Spanish in Indonesia, the processing time for enquiries in French and Spanish will inevitably be longer. It will also be more difficult to ensure accuracy. Therefore, it is recommended that delegations, to the extent possible, nominate an English-speaking Delegation Coordinator.

## B. Responsibilities of the Delegation Coordinator

3. The responsibilities of the Delegation Coordinator include, *inter alia*:
  - a) handling registration and accreditation;
  - b) badge collection in Bali;
  - c) serving as a contact point between the delegation and the WTO Secretariat/Host Government;
  - d) providing information on arrival and departure arrangements of Minister/Head of Delegation; and
  - e) attending logistics briefings co-hosted by WTO Secretariat and Host Government during the Ministerial Conference.

## C. Enquiries on Delegation Coordinator Matters

4. Please contact the WTO Secretariat.

## **REGISTRATION AND ACCREDITATION**

### **B. Registration and Accreditation Deadline**

3. The registration and accreditation process for Delegates will be open at the beginning of July.
4. An Information Note on registration and accreditation procedures and deadlines will be circulated in late June.

3. Indonesia declared independence on 17 August 1945. After many decades of autocracy, free and fair democratic elections were held in 1999. Indonesia is now the world's third most populous democracy.

### B. Bali

4. The Indonesian island province of Bali is a world-renowned tourist destination. Located between Java Island and Lombok Island, it has beautiful white and gold beaches, spectacularly blue water and tropical forest rich with native flora and fauna.
5. It has nine regencies: Buleleng, Jembrana, Karangasem, Badung, Denpasar, Gianyar, Klungkung, Tabanan and Bangli. Denpasar is the provincial capital of Bali and is located in the south of the island. The total population of Bali is around 4.2 million. The island has a deeply rooted Hindu culture and community. It is also a centre for Indonesian art, including traditional dance, sculpture, painting and other artisanal activities.
6. The Ministerial Conference will be held in Nusa Dua, a stunning, tranquil spot on Bali's southern tip. Nusa Dua, which means two islands in Indonesian, is a 20 minute drive from the Bali Ngurah Rai International Airport. Its secluded location on a beautiful beachfront makes it a perfect relaxing and secure holiday and conference destination.

### C. Economy

7. Indonesia is the 15<sup>th</sup> largest economy in the world and is the only Southeast Asian country in the G20. With annual GDP growth of more than 6%, Indonesia is projected to be the 7<sup>th</sup> largest economy in the world by 2030.
8. Indonesia is increasingly being viewed as an attractive investment destination. In 2011, foreign direct investment into Indonesia reached US\$19.5 billion dollars. Indonesia's abundant natural resources underpin its exports of agricultural products, and fuels and mining products, with an increasing focus on added-value output. Indonesia is a leading producer of rubber, palm oil, cocoa, tin coal and geothermal energy.

### D. Religion

9. Indonesia is home to one of the largest Muslim communities in the world. According to a 2010 census, over 85% of Indonesians are Muslim. Together with Islam, the other official religions of Indonesia are Protestantism, Roman Catholicism, Hinduism, Buddhism, and Confucianism.

#### G. Time Zone

16. Indonesia has three different time zones: West Indonesian Time – Coordinated Universal Time (UTC) +7 hours; Central Indonesian Time – UTC +8 hours; and East Indonesian Time – UTC +9 hours. Bali is in the Central Indonesian Time zone, while Jakarta is in the West Indonesian Time zone.

#### H. Electricity and Water Supply

17. Power in Indonesia is 220 volts with a frequency of 50 Hz. For delegates from countries with a different voltage, a transformer is required unless the appliance has a multi-voltage option. The primary sockets in Indonesia are the two-pin Europe and Schuko type plugs. Several hotels and public places also use the British three-pin plug.

18. Tap water is not drinkable. Participants are advised to consume bottled water which can be purchased at hotels and stores throughout Bali.

#### I. Currency and Banks

19. The Rupiah (Rp or IDR) is the official currency of Indonesia. Currency notes in circulation are Rp 1,000, Rp 2,000, Rp 5,000, Rp 10,000, Rp 20,000, Rp 50,000, and Rp 100,000. Coins in circulation are Rp 50, Rp 100, Rp 200, Rp 500, and Rp 1,000.

20. The Indonesian rupiah exchange rate is approximately Rp 9,600 to 1 US\$ and Rp 12,300 to 1 Euro. The current exchange rate of the Central Bank of Indonesia can be accessed at following link: <http://www.bi.go.id/web/en/Moneter/Kurs+Bank+Indonesia/Kurs+Transaksi/>.

21. Banks are generally open Monday through Friday from 8:00 a.m. to 3:00 p.m. They are closed on Saturday, Sunday and on public holidays. Major credit cards, including Visa, MasterCard, JCB and American Express, are commonly accepted throughout Indonesia, including Bali.

22. According to Indonesian banking regulations, payment by credit card should be charged in local currency. Some businesses may apply an additional credit card transaction fee. Automated Teller machines (ATMs) are located in banks, hotels and large shopping centres.

## J. Transport

23. Bali has several transport services options:

- a) *Bus Rapid Transit (BRT) SARBAGITA* – SARBAGITA is a bus service operating in Denpasar, Badung, Gianyar and Tabanan. Sarbagita provides linkages throughout Bali via several major routes. It operates daily from 5:00 a.m. to 9:00 p.m. at a frequency of approximately 10 minutes. Tickets cost around Rp 3,500 for adults and Rp 2,500 for students. Tickets also cover the SARBAGITA feeder bus which services four special routes inside Denpasar.
- b) *Taxi* – There are many taxis companies in Bali, but by far the largest and most reliable is Bluebird/ Bali Taxi. In general, taxis charge a flag-fall of Rp 5,000, then around Rp 4,500 for every added kilometre with a minimum payment of Rp 25,000. They also charge Rp 30,000 for every hour of waiting time and Rp 10,000 for cancelation. Please, note that these fees might vary between different taxi companies and that, even on metered taxis, some drivers do not carry coins and will likely round up your bill. The Ngurah Rai Airport operates a pre-paid taxi system at the arrival gate.
- c) *Bemos* – Bemos (also called 'angkot') are Bali's traditional minibuses with several fixed routes in Bali. Fares usually range from Rp 3,000 to 6,000.
- d) *Motorbike Taxi* – Motorbike Taxis (also called 'ojek') are also available in some places in Bali. Fares depend on the distance and are usually up to Rp 10,000.
- e) *Car and motorcycle Rental Services* – Most hotels in Bali offer car rental services. In addition, various companies offer car and motorcycle rental services in Bali. The daily rate is up to Rp 250,000 for a car and up to Rp 40,000 for a motorcycle. A list of companies that provide car rental services in the BNDCC, Nusa Dua, Jimbaran, Sanur, Kuta and Tuban areas is provided in Annex II to Chapter 10 for reference. Most modern cell phones can work in several settings and can use roaming services in different networks. Most of the GSM phones in use in Indonesia support the protocols of GSM-900 and GSM-1800, or networks GSM-850 and GSM-1900.

26. If you have a mobile phone compatible with the system in Bali, you can buy a pre-paid SIM card for use upon your arrival in Bali. Pre-paid SIM cards, with a local number and a set number of local service minutes may be purchased from retail stores of mobile network service operators and other outlets, such as convenience stores displaying the service providers' logos. A typical pre-paid service including a local GSM SIM card and registration for cellular phone costs approximately US\$6 or Rp 60,000.

27. The lists of cellular phone system operators, mobile broadband providers, and Blackberry package providers are provided in Annex III to Chapter 10. Additionally, a list of internet service providers is provided in Annex IV to Chapter 10.

28. Long-distance calls from Indonesia may be made through International Direct Dial (IDD) in major cities or through operator assisted calls. Telex and Fax services are readily available in major hotels and large cities.

29. Participants are advised to check with their network operators for their international roaming status

prior to making an international call.
