

Honorable, Speakers, Distinguished Guests,
Ladies and Gentlemen,

In our vision for the future, the Federal Parliament of Somalia remains steadfast in its commitment to promoting global peace and justice. As the Deputy Speaker, I believe that our mission is clear - to diligently oversee and work tirelessly towards a Somalia free from the scourge of terrorism and a beacon of peace in the region.

In the pursuit of Conflict Resolution, the Parliament of Somalia has actively engaged with the Government to discuss and continues to mediate conflicts in the region.

We firmly believe that these efforts are essential in fostering peaceful resolutions in conflict zones, contributing significantly to the cause of peace and justice.

However, our unwavering dedication to ending terrorism and extremism is evident in our efforts to counter groups like Al-Shabaab. Over the past year, with the invaluable support of the international community, Galmudug State, once held by Al-Shabaab,

has been liberated. We are resolute in our mission to see a Somalia free from the clutches of terrorism by the end of this year.

On the other hand, In the realm of Rule of Law, we recognize the significance of strengthening our legal and justice systems. The Federal Parliament is committed to enacting robust legal frameworks that can serve as a model for promoting justice and the rule of law, not only within our nation but regionally as well.

To address the root causes of conflict and injustice, we remain dedicated to fostering economic development and addressing social issues. The Parliament understands that sustainable peace cannot be achieved without addressing these underlying factors.

As we move forward, the Federal Parliament will continue to introduce and pass legislation that ensures peace and prosperity.

We acknowledge the importance of our role in contributing to international peacekeeping missions, striving to make Somalia a model of stability and a force for global peace and justice.

Finally, Somalia has undergone significant changes, the current parliament has already

passed laws that protects and promote the rights of every individual in Somalia, and there are many more laws that the parliament is eager to discuss.

Thank you for your attention.
