3. Changing Legislative Environment

Changes	Needs
More vibrant interaction with the public on legislative activities	Online news channel driven by a growing number of smartphone users
Public sector relocation to provincial regions	Video-conferencing connecting the National Assembly with government offices to remove administrative inefficiency
Greater access to legislative information for the hearing-impaired	VOD and live streams captioning service
Growing number of bills introduced	Intelligent information services to improve quality of legislation

4. ICT-Enabled Response

1) Online News Channel (NAON)

NAON.go.kr
National Assembly **ON**line media

**Development
Cost**

\$900,000

Launch Date

October, 2015

**Articles
per Month**

80 to 100

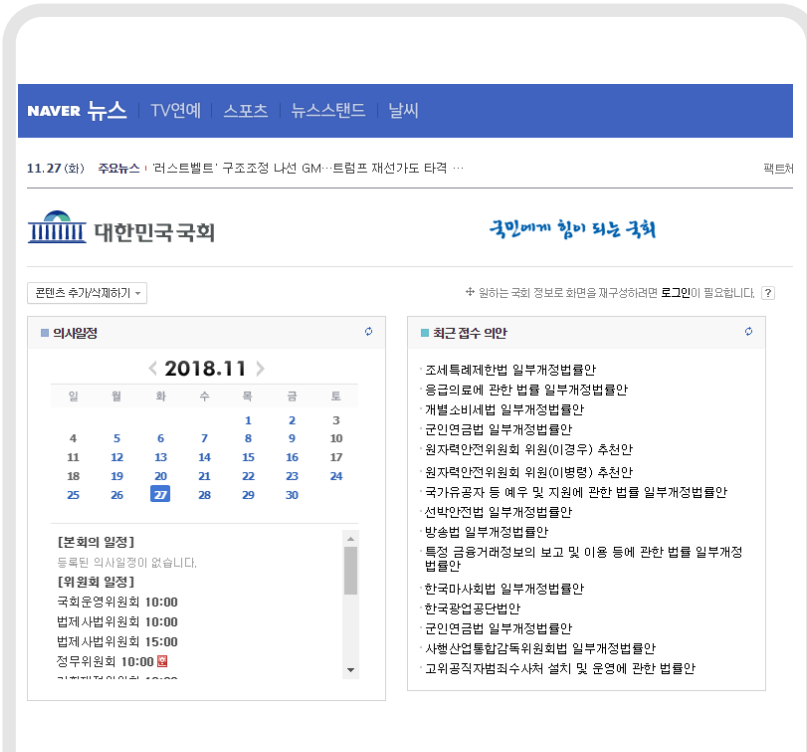

Visits (2018)

Approx. 132,676

※ The launch of NAON has contributed to reducing the printed copies of the National Assembly Monthly Journal from 30,000 to 10,000, saving \$700,000.

4. ICT-Enabled Response

1) Online News Channel (NAON)

Users can access news items on NAON in web portals and news sites.

Users can spread information and share views on the National Assembly via their social media.

4. ICT-Enabled Response

1) Online News Channel (NAON)

 Tablets

 Desktops

 Smartphones

4. ICT-Enabled Response

2) Video Conferencing with Government Offices

- It supports efficient cooperation with government offices & agencies, local governments and other public bodies.
- It links the systems of the National Assembly and the administration.

4. ICT-Enabled Response

2) Video Conferencing with Government Offices

Video Conferencing Rooms

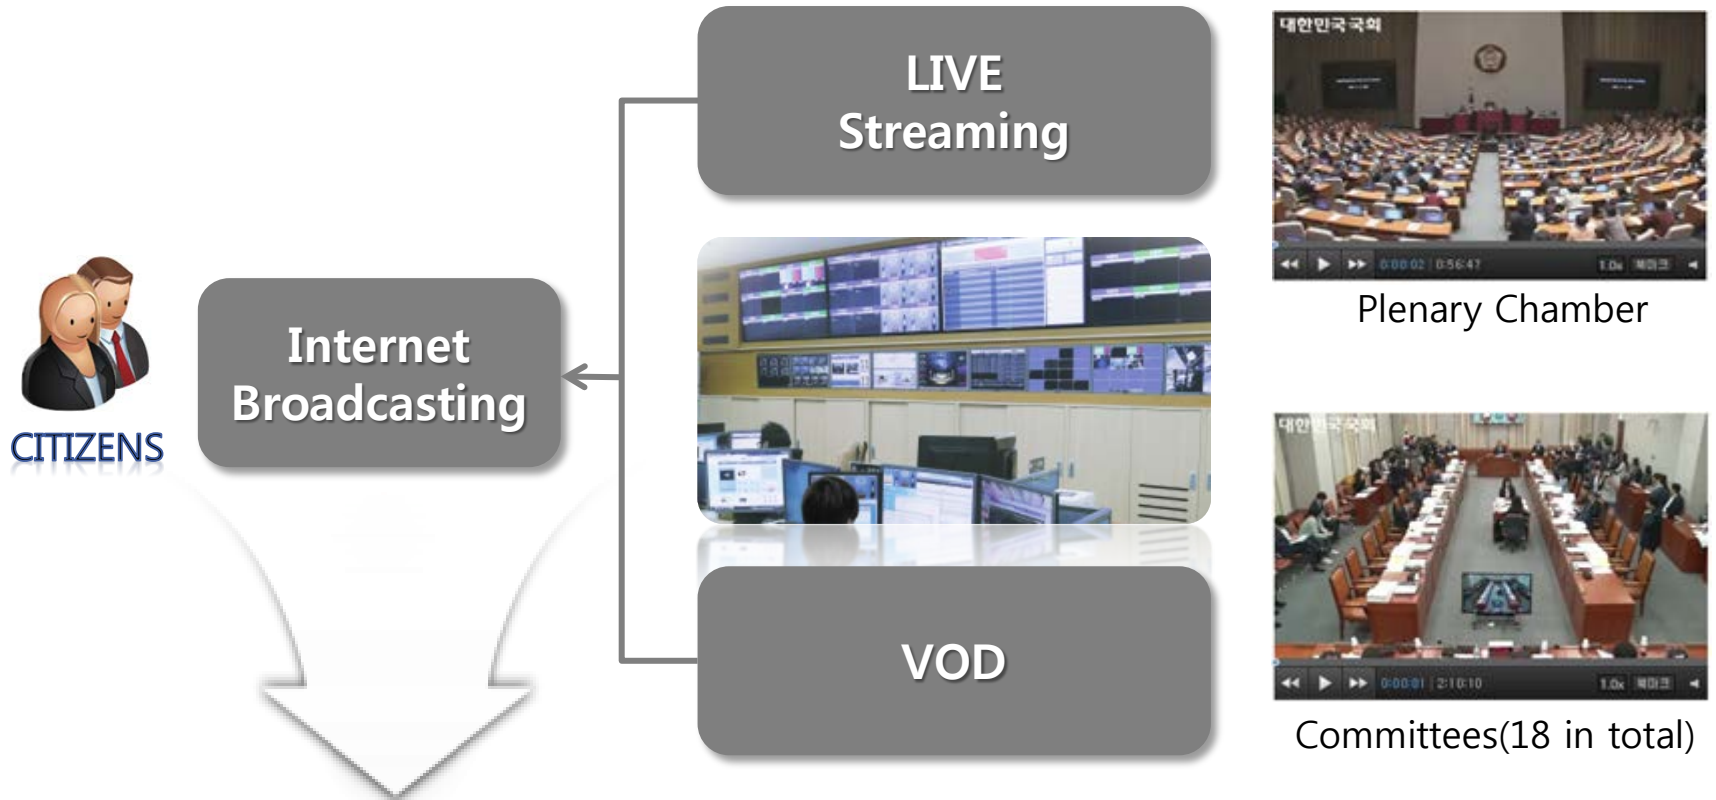

Video Conferencing via PCs

The systems can be used for committee meetings, bill review and consultation.

4. ICT-Enabled Response

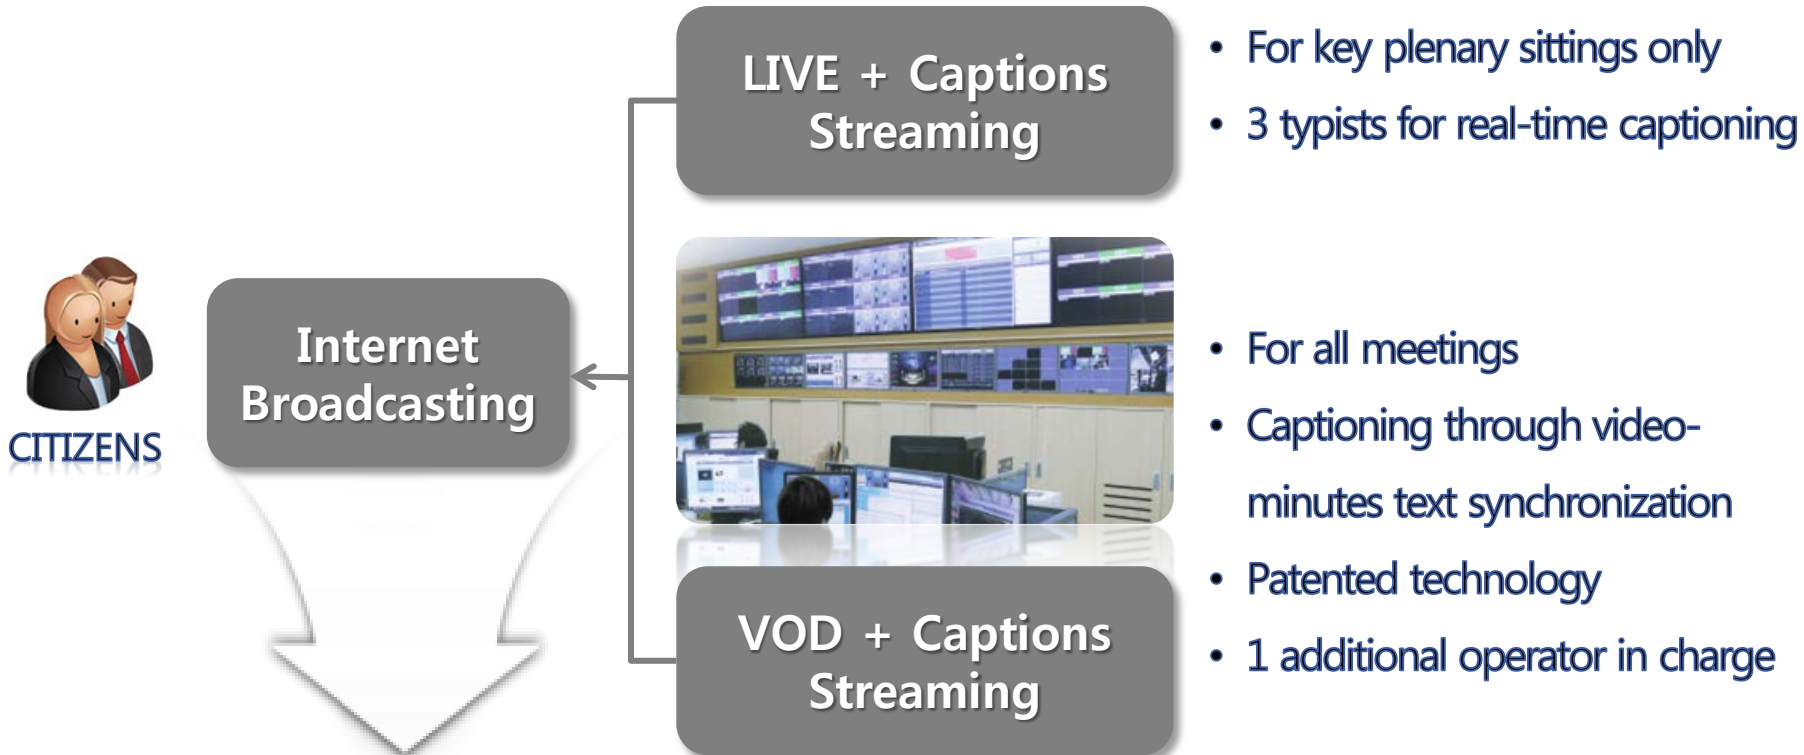

3) VOD & Live Streams Captioning

※ Captioning service cost: \$1.06 million per year

4. ICT-Enabled Response

3) VOD & Live Streams Captioning

※ System Installation Cost: \$56,600

4. ICT-Enabled Response

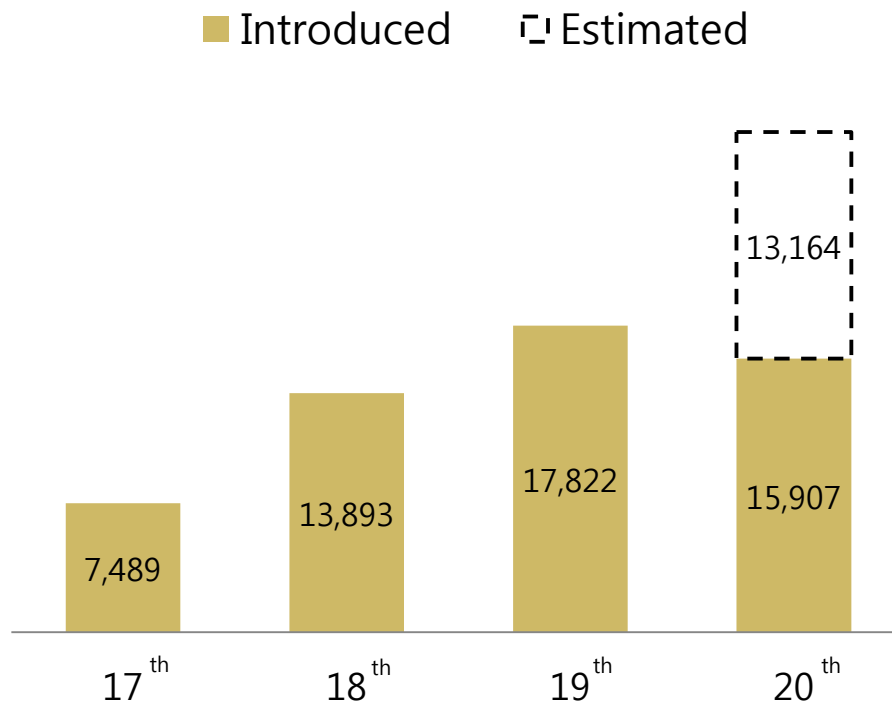

3) VOD & Live Streams Captioning

4. ICT-Enabled Response

4) Intelligent Legislative Information Service

○ Growth in Bills Introduced

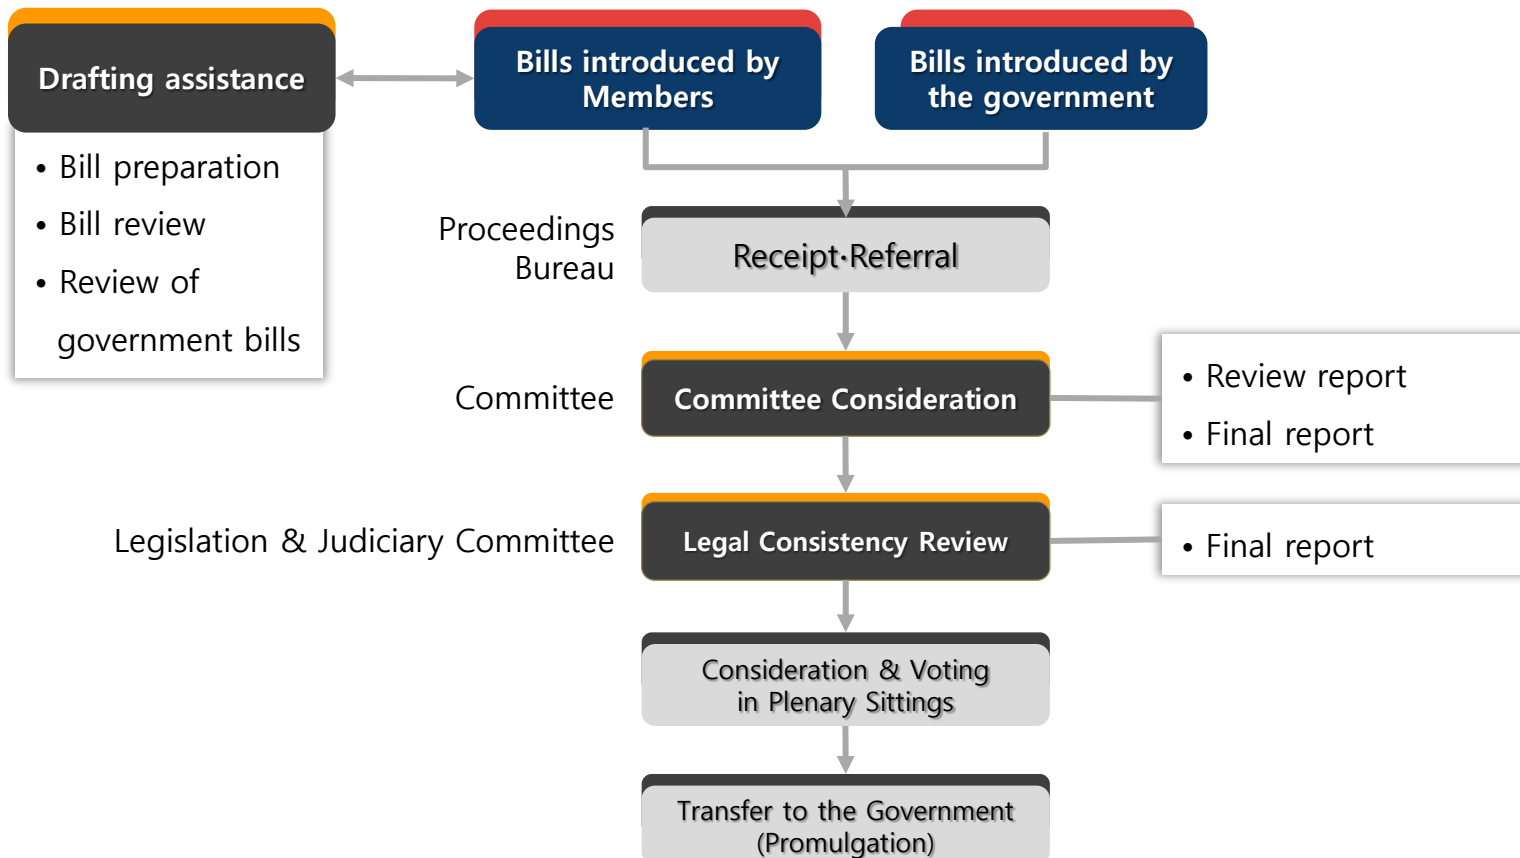

- Quantitative evaluation of Members' legislative activities by Civil Society Organizations (CSOs)
- Growing voters' interest in Members' legislative activities
- Bills introduced expected to rise four-fold between 17th NA and 20th NA
- Declining bill passage rates:
51%(17th NA) → 22%(20th NA)

4. ICT-Enabled Response

4) Intelligent Legislative Information Service

○ Legislative Process

Article-by-Article Search & Comparison

Article-by-Article Comparison between the Current Act and the Past Amendments
(e.g. National Assembly Act)

Current Act

Article 123(Submission of a Petition) ① Those who wish to file a petition with the National Assembly shall proceed through a Member's Office.

Amendment 2015029

Article 123(Submission of a Petition)
① Those who wish to file a petition with the National Assembly shall submit a letter of petition(including an electronic file pursuant to the E-Government Act Article 2.7.).

Amendment 2013400

Article 123(Submission of a Petition) Those who wish to file a petition with the National Assembly shall submit a letter of petition.

Support for Legal Consistency Review

Article 33.2(Employers' Duty to Give Priority for Job Openings)

① Employers that are subject to Article 30.2. shall give priority **within 3 to 8 percent** of their job openings to persons of national merit for more than the proportion of employment set by the Presidential Decree.

Recommendation:
3 to 8 percent and less

5. Expected Outcomes

-  • **Make legislative information services more user-friendly**
-  • **Strengthen the capacity of Members to utilize legislative information and interact with the public**
-  • **Assist government offices in accessing and responding to information on related bills**
-  • **Improve productivity of legislative drafters**
 - in searching, editing and analyzing legislative information

Concluding Remarks
