"We should preserve the space for big bold ideas like universal basic income, universal family care and portable benefits."

-Ai-Jen Poo on the Basic Income Podcast

**"I AM NOW CONVINCED THAT THE SIMPLEST APPROACH WILL PROVE TO BE THE MOST EFFECTIVE – THE SOLUTION TO POVERTY IS TO ABOLISH IT DIRECTLY BY A NOW WIDELY DISCUSSED MEASURE: THE GUARANTEED INCOME."
—MARTIN LUTHER KING JR.**

I think one of the biggest challenges to society is the way work will likely disappear in the next 50 years... we need to start talking about a universal basic income.

**Ta-Nehisi Coates
Author, National Correspondent for the Atlantic**

I think there's a pretty good chance we'll end up with a universal basic income, or something like that due to automation. I'm not sure what else one would do. I think that's what would happen. People have time to do other things, and more complex things, more interesting things, certainly more leisure time.

Elon Musk, Founder and CEO of Tesla and SpaceX

Basic Income is there when things suddenly get tough... no having to stand in line or beg for help.

**ANNE CARTLEDGE
AFFORDABLE HOUSING ADVOCATE**

This is one of my main reasons for supporting a Universal Basic Income. Social security is used to stigmatise & control recipients, & it's both counterproductive & nasty.

Dr Cristy Clark, Legal Academic & Writer

**Five years ago I left an abusive relationship - now I want us to re-imagine the system so no woman is ever trapped because she can't afford to leave.
Universal Basic Income could help achieve that.**

**AMELIA WOMACK
DEPUTY LEADER**

I believe in a future where an existence without poverty is not a privilege but a right we all deserve.
