

Wed 9 Dec 2020

Sitting 1 9:00–11:30 CET

Sitting 2 16:00–18:30 CET

Third Expert Roundtable on the Common Principles for Support to Parliaments

**Challenges and opportunities in parliamentary
monitoring and evaluation**

The Common Principles emphasize that parliament must own and manage its development. One challenge is the identification of tools for parliaments to manage change and measure impact. Addressing this challenge with an audience of MPs, parliamentary staff and expert practitioners, the Roundtable will be a platform to share experiences on why parliaments monitor their performance, what they measure, who carries out this work, how it can be done and challenges and constraints they face. It will be interactive in the sharing of experiences and practice.

Presenters from a variety of parliaments will share their experiences for a rich exchange of innovative practices!

The meeting will take place online in two sittings to suit different time zones. Its working languages will be English, French and Spanish.

Inter-Parliamentary Union
For democracy. For everyone.
