SMART PARLIAMENTS
Smart parliaments

• Managing the data overload
• AI and intelligent agents
• Powerful tools but how do we govern their use?
• Challenges in terms of skills, resources and funding.
OPEN PARLIAMENTS
Open parliaments

• About cultural more than technology.
• Need to understand what we mean by open data
• Core systems increasingly support openness
• Need to think about the end-users
  - Members
  - Staff
  - NGOs
  - Public
ENGAGED PARLIAMENTS
Engaged parliaments

• How do citizens want to engage with you?
• What are you trying to achieve?
• Social tools take you closer to citizens
  - Engage
  - Connect
  - Listen
  - Age is not a barrier for members
CONNECTED PARLIAMENTS
THANK YOU
