Dear Madam President,
Dear Mr. President,

The Inter-Parliamentary Union (IPU) and the School of Social Sciences and Government of Tecnológico de Monterrey are very pleased to inform you about an Executive Education Parliamentary Leadership Seminar that is open to men and women MPs from all around the world.

The IPU works for a world where every voice counts, and where democracy and parliaments are at the service of the people for peace and development. To achieve this, parliamentary leadership is essential.

As part of its objectives, the IPU places emphasis on empowering members of parliament, with the aim of providing them with the skills they need to make a difference in the lives of the women and men they represent.

The School of Social Sciences and Government of Tecnológico de Monterrey offers a unique experience to political officeholders. Through educational experiences the School trains women and men committed to the development of their communities and to sustainable and responsible use of natural resources.

The Executive Education Parliamentary Leadership Seminar will be held in Mexico City, Mexico, from 25 to 28 November 2019. You will find attached a concept note presenting the programme as well as the conditions for participation. The course will be held in English and is open to passionate and committed men and women MPs ready for action. As there is only room for 50 participants, applications must be sent to seminar@invitados.itesm.mx no later than **25 October 2019**. A selection committee led by the School of Social Sciences and Government will then inform candidates if their application has been accepted.

We hope that this new initiative will meet with success and interest in your parliaments, and we encourage you to support the participation of members of parliament who are interested in attending. We would also be grateful if this information note can be shared with the widest possible parliamentary audience.

More information on the Executive Education Parliamentary Leadership Seminar can be found on the IPU website. We look forward to your active participation and a successful event.
